

GUY KORTSARZ

PROFESSIONAL PREPARATION

Tel Aviv University	Mathematics and Computer Science	B.Sc, 1988
The Weizmann Institute	Computer Science	M.Sc, 1990
The Weizmann Institute	Computer Science	Ph.D, 1994

APPOINTMENTS

1 July 2008- **Professor**, Dept. of Computer Science, Rutgers University, Camden

2007-2008. **Visiting**. IBM Watson center, NY. (Sabbatical)

2001-2007 **Associate Professor**, Dept. of Computer Science, Rutgers University, Camden.

1996-2001. **Senior Lecturer**, Dept. of Computer Science, The Open University, Israel.

GRANTS

Previously supported by NSF award number 0728787.

For 104000 dollars.

Duration: 15/02/2008 to 31/01/2009.

Previously supported by NFS grant award number 0829959.

For 122000 dollars.

Duration: 2/1/2009 to 31/1/2012

Previously supported by NSF grant 1218620

Awarded with Rajiv Gandhi.

For 485000 dollars.

Duration: 9/1/2012 to 6/30/2017.

Additional funds for the same grant: 8400 dollars.

Awarded at 05/13/2013.

Additional fund for the same grant of: 4800 dollars.

Approved at 07/30/2013

Additional fund for the same grant of: 12050 dollars:

Awarded at 04/30/2014:

Previously supported by NSF grant number 1540547.

Awarded at 08/06/15

For 50000 dollars.

Duration: September 1, 2015

to August 31 2020.

Currently supported by NSF grant number 1910565.
Awarded with Rajiv Gandhi. For 330607 dollars.
Starting October 1 2019 until September 31 2022.

The total grant money allocated to Kortsarz (so far) is 1110565 dollars. Over a million and 100000 dollars.

INTERNS SUPPORTED BY NSF GRANT

May 2010 Spyridon Antonakopoulos from **Columbia university**

May 2013, Hossein Esfandiar from the **University of Maryland**

May 2014, Manish Purohit and Kanthi Sarpatwar from **The university of Maryland**

May 2015. Amey Bhangale from **Rutgers University New Brunswick.**

May 2016. Amey Bhangale from **Rutgers University New Brunswick.**

SERVICE FOR THE COMPUTER SCIENCE COMMUNITY

1) Editing: An editor in the Information Processing Letters Journal

2) Previous Committee membership.

RANDOM-APPROX, Princeton, August 2007

RANDOM-APPROX, Barcelona, August 2010

ESA. France, September 2013.

ESA 2021.

3) A member of *Mathematical Reviews*

(part of The American Math society)

4) Participated In Two NSF panels.

One of Career Awards.

CONFERENCE PUBLICATIONS

1) M. Cygan, M. Halldórsson and G. Kortsarz, A Tight Lower Bounds for Set Cover Approximation in Subexponential time. WAOA, pages 159-173, 2020.

2) X. Guo, G. Kortsarz, B Laekhanukit, S. Li and D. Vaz J and Jiayi Xian.

Approximation Bounded Degree Steiner Network Design problems.

Random Approx, APPROX/RANDOM 39:1-39:21, 2020.

3) Guy Kortsarz and Zeev Nutov.

Approximating Minimum Degree Group Steiner Problems, 31st International Workshop on Combinatorial Algorithms (IWOCA), pages 245-354, 2020.

INVITED PRESENTATIONS: A SAMPLE FROM 2000 FORWARD

- 1) G. Kortsarz. Approximating the Domatic Number, invited talk, Weekly seminar, Computer Science, Tel Aviv University, 2000.
- 2) G. Kortsarz, Approximating the Domatic Number problem, invited talk at the the computer Science weekly seminar, University of Pennsylvania, 2001.
- 3) G. Kortsarz, The achromatic number problem, invited talk, at Dagstuhl seminars, Germany. 2003.
- 4) G. Kortsarz, Rare approximation ratios, invited talk, at DIMACS, Theoretical Computer Science Seminar, 2006
- 5) G. Kortsarz, Approximating non-uniform multicommodity buy at bulk, invited talk at the Workshop on approximation algorithms, Montreal, Canada, 2006. Organized by Goemans and Cheriyan.
- 6) G. Kortsarz, Comparing min-cost and min-power connectivity problems. Invited talk at Conference on Operations Research, Euro 2006, Iceland, 2006
- 7) G. Kortsarz, Comparing min-cost and min-power connectivity problems, invited talk at INFORMS, Pittsburgh, 2006
- 8) G. Kortsarz. Rare approximation ratios. 2007, invited talk. at Bell Labs Computer Science weekly seminar.
- 9) G. Kortsarz, Approximating Buy at Bulk problems, invited talk, at the IBM Watson Watson Weekly computer Science Seminar, 2007.
- 10) G. Kortsarz, Approximating the p Directed Steiner Forest problem, invited talk at INFORMS, Washington D.C, 2008.
- 11) G. Kortsarz, Survey on approximation connectivity algorithms via survey of techniques, invited talk at Parameterized complexity and approximation algorithms. Seminar At Schloss Dagstuhl, 2009.

- 12) G. Kortsarz On the Achromatic number problem, invited talk at Drexel, Weekly Seminar in Math. 2010.
- 13) G. Kortsarz, Tools for multicoloring with applications for bounded tree width graphs and planar graphs, invited talk at Dagstuhl seminars. Bidimensional Structures: Algorithms, Combinatorics and Logic. 2013.
- 14) G. Kortsarz, The interesting behavior of the source location problem, invited talk for Maryland CS weekly Seminar. 2014.
- 15) G. Kortsarz, Optimal time for exact and approximation algorithms, invited talk at "Satisfiability Lower Bounds and Tight Results for Parameterized and Exponential-Time Algorithms," Simons, institute of theory and computing, Berkeley University, November 2-6, 2015.
- 16) Guy Kortsarz, A survey on approximating spanners. Invited talk at the *DIMACS Workshop on Algorithms for Data Center Networks*, June 5 - 7, 2017. Organized by B. Schieber, H. Shachnai, and L. Zhang,
- 17) Guy Kortsarz. On David Peleg from the viewpoint of his first Ph. D. Student. Invited talk in workshop at PODC 2017. Organized by Prof Boaz Patt-Shamir and Pro Yuval Emek.
- 18) Improved approximation for minimum covering problem using Iterative randomized rounding. Invited talk in: The 9th Workshop on Flexible Network Design May 22-25, 2018 Organized by Mohammad Taghi Hajiaghayi and Samir Khuller.
- 19) A Survey On the Directed Steiner Forest. Invited talk in John Hopkins weekly seminar. October 2019
- 20) Group Steiner with degree bounds on trees and bounded tree width graphs. Invited talk in the International Symposium on Algorithms and Computation (ISAAC) 2020. **Remark:** Talk (and conference) was by Remote.

SHORT VISITS AND TALKS: A SMALL SAMPLE

- 1) G. Kortsarz. Augmenting graph connectivity from 1 to 2. Stanford university, Palo Alto 2003.
- 2) G. Kortsarz. Augmenting graph connectivity from 1 to 2. The university of Waterloo, Canada. 2004

- 3) G. Kortsarz. The directed Multicut problem.
MIT, Boston 2005
- 4) G. Kortsarz, On the Directed p Steiner Forest problem.
In the weekly Seminar in CS Maryland university, 2006.
- 5) G. Kortsarz, Rare approximation ratios. Bell Labs. 2006.
- 6) G. Kortsarz. Approximating min-power connectivity problems.
Microsoft Research, Seattle, 2008.
- 7) G. Kortsarz. Augmenting connectivity from 1 to 2.
Max Plack institute at Saarbrcken, Germany, 2009.
- 8)G. Kortsarz. A survey of connectivity problems via survey of techniques.
Warwick University, England, 2011,
- 9)G. Kortsarz. A survey on approximating spanners.
Liverpool University, England, 2014,
- 10) G. Kortsarz, What did I learn on cut expansion and density problems?
Johns Hopkins university, 2014.
- 11) G. Kortsarz, Visited Marek Cygan at Wydział Matematyki, Informatyki Mechaniki
- 12) G. Kortsarz, Approximating activation edge-cover and facility location problems. Max
Planck institute, at Saarbrucken Germany, 2019.

Chapters in books

- 1) G. Kortsarz and Z. Nutov, Approximating minimum-cost connectivity problems, In: Ed-
itor Teofilo F. Gonzales, Handbook on Approximation Algorithms and Metaheuristics, Pub-
lished by Chapman and Hall, CRC, Taylor and Francis Group, Book Chapter, 58 (30 pages)
2007
- 2) G. Kortsarz, Fixed parameter approximation and hardness. Encyclopedia of Algorithms,
Springer 2015, ISBN 978-3-642-27848-8
- 3) Magnus Halldorsson and Guy Kortsarz. Chromatic sums, multicoloring and schedul-
ing dependent jobs. A book chapter for the Handbook on Approximation Algorithms and
Metaheuristics, Published by Chapman and Hall, CRC, Taylor and Francis Group.

Working paper

Unpublished manuscript

M. Hajiaghayi, R. Khandekar and G. Kortsarz. FPT-hardness for clique and set cover with super exponential time in k .

Remark: This is the first paper ever to give super exponential time, super constant hardness, for Set Cover and Clique under the ETH.
